CODE OF CONDUCT FOR STUDENTS

1. PREMEABLE

This Handbook indicates the standard procedures and practices of AJK College of Arts and Science for all students enrolling with the Institute for pursuing various courses. All students must know that it is incumbent upon them to abide by this Code of Ethics and Conduct (hereinafter referred to as the 'Code') and the rights, responsibilities including the restrictions flowing from it. That the Institute's endeavor by means of enforcing this Code is to pioneer and administer a student discipline process that is egalitarian, conscientious, effectual and expeditious; and providing a system which promotes student growth through individual and collective responsibility.

2. APPLICABILITY

The Code is applicable to all students pursuing under graduate, post graduate and research degree programmes. Persons who withdraw after allegedly violating the Code, who are not officially enrolled for a particular semester or term, but have a continuing relationship with the college or who have been notified or their acceptance for admission are considered as "Students".

Any student's behavior alleged to violate the Principles of the Honor Code or Rules of behavior elsewhere in the Student Code of Conduct or in other documents of the College, and that is determined by the College to warrant adjudication, will be thoroughly investigated in a manner that protects the rights of all parties to the issue. If a complaint is filed against a student for an alleged violation of the Honor Code, the responding student is entitled to have the complaint resolved through the adjudicatory processes. If the student is found responsible at the conclusion of this process, appropriate sanctions will be assigned.

3. JURISDICTION

The Code applies to the on-campus conduct of all students at all location/campus of the College. The code also applies to the off-campus conduct of students in direct connection with:

- a. Academic course requirements or any credit-bearing experiences, such as internships, field trips, study abroad/student exchange;
- b. Any activity supporting pursuit of a degree, such as any academic related activity at another institution or a professional practice assignment;
- c. Any activity sponsored, conducted or authorized by the institution;
- d. Any activity that causes substantial destruction of property belonging to the college or members of the college or causes serious harm to the health or safety of members of the college
- e. Any activity in which a police report has been filed, summons or indictment has been issued, or an arrest has occurred for any act or omission.

4. RESPONSIBILITIES OF STUDENTS

Students are members of the college community and citizens of the state. As citizens, students are responsible to the community of which they are a part, and, as students, they are responsible to the academic community of the college.

Admission to the college carries the presumption that students will conduct themselves as responsible members of the academic community. As a condition of enrollment, all students assume responsibility to observe standards of conduct that will contribute to the pursuit of academic goals and the welfare of the academic community. They are expected to practice high standards of academic and professional honesty and integrity and also to respect the rights, privileges and property of other members of the academic community and the society. They should refrain from any conduct that would interfere with university functions or endanger the health, welfare or safety of other persons.

As a citizen of state, a student should not discriminate on the basis of race, color, creed, age, religion, national or ethnic origin, marital status, sexual preference, physical disability or any other legally protected status. They should at all times conduct themselves in a manner, which is not prejudicial to any law of the land. Their conduct should aim to achieve the meaning, mandate and manifestation as enshrined in the Constitution of India.

5. DISCIPLINARY MISCONDUCT

Any student found to have committed or to have attempted to commit any of the following misconducts is subject to appropriate disciplinary action under this Code. The instances of misconduct are not to be interpreted as all-inclusive of situations in which disciplinary action will be invoked. These instances are illustrative and the college reserves the rights to take disciplinary action in appropriate circumstances not set out in the article. The list of misconducts is as follows.

ACADEMIC MISCONDUCT

Academic misconduct is any action or attempted action that may result in creating an unfair academic advantage for oneself or an unfair academic advantage or disadvantage for any other member or members of the academic community. It includes plagiarizing, cheating on assignments or examinations.

Obvious examples of cheating are when a student during an examination is using prohibited aids, such as unauthorized notes or pieces of paper or when he/she has the mobile phone next to him/her on the desk. Copying texts, for example when writing a paper or a take-home exam, without quoting the source can also be deemed as cheating. Other examples are collaboration between students on compulsory individual assignments and amendments to/supplementing of texts in an already corrected exam which has been handed back to the student.

According to the statutes, a student having attempted to cheat is sufficient for disciplinary action to be taken. A completed act of cheating is not required. It is for instance sufficient if a student brings notes to an examination with the intent to use them as aid, regardless of whether he/she actually uses them or not. It is enough to have brought the mobile phone to the desk even if he/she does not actually use it.

DISRUPTIVE STUDENT BEHAVIOR

This is regarding a student behavior in a classroom or other learning environment (to include both on and off campus locations), which disrupts the educational process.

Disruptive class behavior for this purpose is defined by the instructor. Such behavior includes, but is not limited to, verbal or physical threats, repeated obscenities, unreasonable interference with class discussion, making/receiving personal phone calls during class, leaving and entering class frequently in the absence of notice to instructor of illness or other extenuating circumstances and persisting in disruptive personal conversations with other class members.

For purposes of this policy, it may also be considered disruptive behavior for a student to exhibit threatening, intimidating or other inappropriate behavior toward the instructor or classmates outside of class

DISCRIMINATIVE BEHAVIOR

Engaging in verbal or physical behavior directed at an individual or group based on origin, race, creed, religious beliefs or sexual orientation that according to a person of reasonable sensibilities is likely to create an intimidating or demeaning environment that impedes the access of other students, faculty and staff to the educational benefits available to them. It also includes wearing articles of clothing with derogatory, racist, discriminatory, patently, offensive, profane, sexually explicit or graphic messages either in words or pictures, which demonstrates bias or discrimination against any individual or group within college.

FALSIFICATION

Falsification means willfully providing institutions offices or officials with false, misleading or incomplete information; forging or altering official college records or documents or conspiring with or inducing others to forge or alter college records or documents.

REFUSAL TO IDENTITY

Refusal to identify or falsely identifying one's self when requested by an authorized college official.

ILLEGAL OR UNAUTHORIZED POSSESSION OR USE OF WEAPONS

It means possessing or using weapons or articles or substances usable as weapons, including but not limited to fire arms, incendiary devices, explosives and dangerous biological or chemical agents.

ILLEGAL OR UNAUTHORIZED POSSESSION OR USE OF DRUGS OR ALCOHOL

The institution strongly supports the goals of "Drug Free Campus". It is policy of the college that no student shall distribute, possess or use illegal drugs, a controlled substance on its premises. It is also the policy of institution that smoking is prohibited inside the campus.

UNAUTHORIZED ACCESS AND USE OF PROPERTY & FACILITIES

Unauthorized access means accessing without authorization institution property, facilities, services or information systems or obtaining or providing to another person the means of such unauthorized access including but not limited to, using or providing without authorization keys and access codes

ACT OF VIOLENCE, THREATENING, HARASSING OR ASSAULTIVE CONDUCT

AJKCAS – MEASURES AGAINST SEXUAL HARASSMENT

I. INTRODUCTION:

Sexual Harassment at the Workplace (SHW) has remained one of the central concerns of the women's movement in India since the early-'80s. Before 1997, women experiencing SHW had to lodge a complaint under Section 354 of the Indian Penal Code that deals with the 'criminal assault of women to outrage women's modesty', and Section 509 that punishes individual/individuals for using a 'word, gesture or act intended to insult the modesty of a woman'. These sections left the interpretation of 'outraging women's modesty' to the discretion of the police officer/s. In 1997, the Supreme Court passed a landmark judgment in the Vishakha case laying down guidelines to be followed by establishments in dealing with complaints about sexual harassment.

THE SEXUAL HARASSMENT OF WOMEN AT THE WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT was passed in April 2013. Harassment of sexual nature is an infringement on life and liberty and is also condemned as a form of violation of the fundamental rights to equality under articles 14 and 15 of the Constitution of India and her/his right to life and to live with dignity under article 21 of the Constitution and the right to practice any profession or to carry on any occupation, which includes a right to a safe environment free from sexual harassment; The protection against sexual harassment and the right to work with dignity are universally recognized human rights by international conventions and instruments such as the convention on the elimination of all forms of Discrimination against Women (CEDAW), which has been ratified on the 25 June 1993 by the Government of India.

The Constitution of India and the international convention, CEDAW to which India is a signatory decrees this so and therefore, it is a prerogative of employers/administration of workplaces/Institutions to cater to and mete justice to those victims of harassment. A set of guidelines have been set by the Supreme Court, commonly known as the Vishakha Guidelines. According to this, every employer and other responsible people is obliged to do the following:

- Follow the judgment laid down by the Court.
- Evolve a specific policy to combat sexual harassment in the workplace.

The guidelines explicitly state the following:

“It shall be the duty of the employer or other responsible persons in workplaces or other institutions to prevent or deter the commission of acts of sexual harassment and to provide the procedures for the resolution, settlement or prosecution of acts, of sexual harassment by taking all steps required”.

The college is committed to provide facilities/mechanisms by which issues of harassment can be dealt with and the Institution become a safe environment free from sexual harassment and a more gender inclusive space. AJKCAS is gender neutral and includes men and individuals with different sexual orientation. It draws from the Sexual Harassment of Women at the Workplace (Prevention, Prohibition and Redressal) Act, 2013.

II. DEFINITION OF SEXUAL HARASSMENT

- When a person/s uses, with a sexual purpose, the body or any part of it or any object as an extension of the body in relation to another person without the latter's consent or against that person's will, such conduct will amount to sexual assault.

III. SCOPE

AJKCAS reiterates the commitment of the institute to create and maintain a community in which students, teachers and non-teaching staff can work together in an environment free of all forms of sexual harassment. In framing the rules and procedures laid down, the spirit of the Supreme Court judgments mentioned in the Background section have been followed; however, the rules and procedures cover a wider spectrum of sexual harassment and deal with issues in consonance with the requirements of an academic institution. The rules and procedures would apply to all students, academic staff, adjunct faculty and non-teaching staff on the active rolls of the college as well as to service providers and outsiders who may be within the territory of the AJKCAS at the time of commission of the act.

1. It would apply inside the campus but also on off-campus official duty (workshops, field work, group holidays/excursions organized by the college, interviews/meetings with outside people and any other activity organized by the college outside the campus including the period of traveling for such activity).

- By a service provider or an outsider against a student or a member of the academic or non-teaching staff or by a student or a member of the academic or non-teaching staff against an outsider or a service provider, if the sexual harassment is alleged to have taken place within the campus.

III. CONSTITUTION OF THE INTERNAL COMPLAINTS COMMITTEE (ICC)/ANTI-SEXUAL HARASSMENT COMMITTEE (ASHC)

- The Sexual Harassment Act requires an employer to set up an Internal Complaints Committee (“ICC”) at each office or branch of an organization employing at least 10 employees.
- The Sexual Harassment Act also sets out the constitution of the committees, the process to be followed for making a complaint and inquiring into the complaint in a time bound manner.

- The Act mandates that the employer or the person designated in-charge of any workplace nominate an Internal Complaints Committee (ICC) for every branch of the workplace that employs more than ten persons. One-half of the total members of the ICC must be women, and it must comprise:
 - (a) a woman Presiding Officer, chosen from amongst the employees of the workplace and necessarily employed at a senior level:

OUTCOME BASED EDUCATION

DEFINITION

Outcome-based education or outcomes-based education (OBE), also known as standards-based education, is an educational theory that bases each part of an educational system around goals (outcomes). By the end of the educational experience, each student should have achieved the goal. There is no single specified style of teaching or assessment in OBE; instead, classes, opportunities, and assessments should all help students achieve the specified outcomes. The role of the faculty adapts into instructor, trainer, facilitator, and/or mentor based on the outcomes targeted.

TERMINOLOGIES ASSOCIATED WITH OBE

- **Programme Outcomes (POs)** are narrow statements that describe what the students are expected to know and would be able to do upon the graduation. These relate to the skills, knowledge, and behavior that students acquire through the programme.
- **Course Outcomes (COs)** are narrower statements that describe what the students are expected to know and would be able to do at the end of each course/subject.
- **Programme Educational Objectives (PEOs)** are the educational objectives of a degree programme, the statements that describe the expected achievements of graduates in their career and what the graduates are expected to perform and achieve during the first few years after graduation
- **Program Specific Outcomes (PSOs)** are what the students should be able to do at the time of graduation. The PSOs are programme specific. PSOs are written by the department offering the program. These outcomes are clearly defined by the institution at the beginning of the academic year and classes will be handled in such a way which will help the wards to achieve the desired outcomes.

NOTE: The Programme Outcomes and Course Outcomes of all the departments are available in our college. Please refer our website to know the course outcomes for individual courses.
