

## SCHOLARSHIP POLICY

Scholarships provide an opportunity for students' higher education. Institution financially support the students by offering various scholarships for their education and research activities.

### Objectives:

- To motivate the students to admit into the higher education, by offering tuition fee range from Rs.5000/- to Rs.25000/-
- To motivate the researchers to do their research without any financial burden.
- To encourage the learners to focus on studies without thinking of financial issues.
- To intimate the students time-to-time about the government and private scholarship announcements.
- To guide them to apply for the scholarships through the concern cells.
- To receive an institutional scholarship, students must meet all college admission requirements and remain enrolled full-time.
- Students must score 85% and above in scholarship eligibility test.
- Institutional tuition scholarships are not stackable. Students will only be awarded the scholarship with the highest eligible value.
- Students must be pursuing their first bachelor's degree to be eligible.
- Institutional scholarships are only for first semester and the freeship for six semesters (three years) of continuous enrolment.
- However, once a bachelor's degree is earned, the student will no longer receive an institutional freeship.

### Scholarships provided by the Institution:

- Merit Scholarship
- Perarignar First Graduate Scholarship
- Grace Memorial Single Parent Scholarship for Men & Women
- Maradona Sports Scholarship
